

BASIC BIBLE STUDY STUDENTS

Dear Bible Correspondence Student:

Course Content: This Basic Bible Course by Ira Y. Rice, Jr. is a **27 lesson** comprehensive basic Bible study course which you should find both interesting and informative. Each of the lessons has instructional material followed by a series of questions which the student is expected to answer and submit for review.

Course Completion: The questions exist to see if the student has mastered the material in each lesson and if additional help from the instructor is needed. The student will email the Adobe Acrobat file with the completed questions in for review. To do this, you may use the full version of Adobe Acrobat or the **FREE Adobe Acrobat Reader** versions 7.0 – 9.0 (<http://get.adobe.com/reader/?promoid=BUIGO>) to complete and save these lesson files. The lessons will be graded and the grade and helpful comments returned to the student via email. Questions may always be directed to the instructor at biblestudy@nbchurchofchrist.com. Following the successful completion of the 27th lesson the student will be mailed a certificate of completion showing their dedication and completion of this course of study.

Course Cost: The church of Christ at New Braunfels is happy to serve you by providing this course free of charge. We pray that you may profit from this study of God's word.

Course Purpose: The purpose of having this on-line Bible study is two-fold:

1. Primarily, these lessons are for those who are not Christians who are **diligently** seeking to find out what the God of heaven would have them do to be saved (Hebrews 11:6).
2. Secondly, (time and resources permitting) these lessons are for members of the Lord's one church, the church of Christ (Christians), seeking to grow in knowledge of God's word.

Course Materials: Students are encouraged to have and use a King James Version of the Bible while studying this course. Equally acceptable are the New King James Version of the Bible and/or the American Standard Version of 1901.
